

# AGRU E-Spigot coupler

CODE 70.172.0250.11

The new E-spigot coupler innovates with the well-known features in AGRU quality:

- Fully embedded heating wire – easy to clean, safe installation.
- Generous heating- and cooling zones for perfect welding results.
- Excellent shrinkage behaviour during the welding process – closes the gap between pipe and fitting and applies the required welding pressure due to special production process.
- Point load resistant and suitable for installation without sand embedment due to **PE 100-RC** material.
- Full component traceability.

The AGRU E-spigot coupler is an innovative electrofusion fitting to weld PE 100 / PE 100-RC pipes and spigot fittings. It can be used to individually and flexibly customise electrofusion fittings in larger dimensions, which provide a considerable installation advantage at construction site, e.g. in confined spaces. The E-spigot coupler is available individually as well as pre-welded in the following versions:

## PRODUCT RANGE SDR 11

		DIM	CODE
	<b>E-Spigot coupler</b>	250 mm	70.172.0250.11
	<b>E-Bend 90°</b>	250 mm	70.171.2250.11
	<b>E-Elbow 45°</b>	250 mm	70.170.2250.11
	<b>E-Tee</b>	250 mm	70.176.3250.11
	<b>E-Tee</b>	250 mm	70.176.2250.11
	<b>E-Pipe</b>	250 mm	on request
