Situation report - Corona virus (November 16th, 2020)

Dear Sir or Madam!

According to the media, the CoVid19 numbers in Europe and in Austria are rising strongly. In Austria, the government has taken extensive measures to minimize the further spread of the CoVid19-virus.

The manufacturing industry, which includes Agru Kunststofftechnik GmbH, will continue to maintain its activities and production (sales/delivery). Only a few employees of our staff are affected by a CoVid19 infection.

It is still ensured that the orders and pending orders can be properly processed, produced and delivered within the next weeks.

Especially in these challenging times, we would like to thank you once again for the still numerous projects and orders. As usual, we assure you to carry out orders in the best quality and best delivery time.

We thank you for the good cooperation and remain

Yours faithfully

A handwritten signature in black ink, appearing to read "Alois Gruber".

Mag. Alois Gruber
