

PP Pipe clip Code 348.4

Advantages & attributes:

Properties of used material PP

- High temperature resistance
- Excellent corrosion resistance

Advantages of AGRU pipe clip

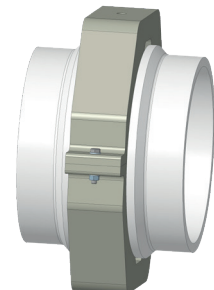

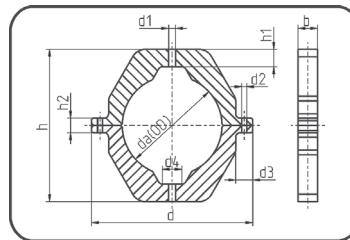

- Simple and robust construction
- Multiple mounting possibilities
- Easy mounting and demounting due to seperable upper and lower parts
- The inner diameter of the pipe clip is designed in a way that the pipe can slide in the clip even under extreme pressure and temperature loads.
- Further dimensions on request
Material: PP
